

May Crowning

We invite each student to bring one flower to present to the Virgin Mary during our May Crowning celebration on Friday, May 8th. The flower may be store bought or picked from your garden. What matters most is that your child is part of the process. We encourage you to let them help choose or pick the flower. This simple gesture is a beautiful way for our children to honor Mary and feel connected to this special tradition.

Friday,
May 8th
